Front-End Developer | Aspiring Full-Stack Developer:

Portfolio: [https://protfolio-theta-topaz.vercel.app/] | GitHub: [https://github.com/Mustafahamidi]

I'm a passionate Front-End Developer **with experience in** HTML, CSS, JavaScript, React, Tailwind CSS, and Python**. I love turning designs into interactive, user-friendly web experiences and continuously refining my skills to stay ahead in the ever-evolving tech landscape.**

Currently, I'm expanding my expertise in **Node.js and Express.js** to transition into full-stack development. I spend **4+ hours daily coding**, building projects, and solving real-world problems to sharpen my skills.

Projects

1. **Ecommerce-App**

   Website link: (https://ecommerce-app-lemon-iota.vercel.app/)
   GitHub: (https://github.com/Mustafahamidi/Ecommerce-app)

   Description:

   A modern e-commerce web application built with React, Tailwind CSS, and Context API (or useState/useReducer for state management), allowing users to browse products, filter by category, and manage their shopping cart in real time. The application features a responsive UI optimized for mobile, tablet, and desktop, displaying static product data from a JSON file or local state. Users can add, remove, and adjust item quantities in their cart, with a simulated checkout process providing an order summary. Future improvements include adding a backend, integrating payments, and implementing user authentication for a complete e-commerce experience.

   ## Future Improvements:

   - . Add a backend
   - . Integrate payments
   - . Implements user authentication for a complete e-ecommerce experience

Skills:

- **Languages**: HTML, CSS, JavaScript, Python
- **Frameworks**: React, Tailwind CSS
- **Version Control**: Git, GitHub
- **Tools & Technologies**: Visual Studio Code, NPM
- **Other**: Web Development, Responsive Design, Cross-Browser Compatibility

➤ **Networking**: Knowledge of Network+ concepts

Online Training:

Completed self-paced training in Front-End Development on platforms such as <mark>FreeCodeCamp</mark>, <mark>YouTube</mark>, <mark>Codecademy</mark>, <mark>Coursera</mark>, and <mark>Scrimba</mark>. Focused on mastering HTML, CSS, JavaScript, and frameworks like React and Tailwind CSS.

Description:

- Warmly welcomed visitors when they arrive at the office, ensuring they feel comfortable and are directed to the appropriate person or meeting room.
- Provided general administrative and clerical support, including data entry, copying, faxing, and maintaining office supplies.
- Managed the office calendar, scheduled appointments, and arranged meetings and conference calls.
- Addressed inquiries from the public and customers, both in person and over the phone, providing accurate information and redirecting as necessary.
- Supported departments with special projects as needed, demonstrating flexibility and willingness to take on additional tasks.
- Monitored and supported IT equipment and other office equipment, i.e., printing, scanning, and photocopying.

EDUCATION:

Bachelor of Science (M.Sc.)
Computer Science – **Bakhtar University**, Kabul- Afghanistan, <mark>Mar 2021 – Dec 202</mark>4
High School Degree
Habibia High School – Kabul, Afghanistan, <mark>Mar 2017, Dec 2019</mark>

CERTIFICATIONS/PROFESSIONAL DEVELOPMENT

<mark>•</mark> **The Frontend Developer Career Path – Scrimba (https://scrimba.com/u412f6a0)**

<mark>•</mark> **Responsive Web Design Certification – freeCodeCamp (https://freecodecamp.org/certification/fccec2ce751-bd5a-4585-88f1-ec35e3c113d7/responsive-web-design)**

<mark>•</mark> **CIT**

Language Proficiency

• English   • Pashto   • Persian   • Urdu
